

Stampdealers of Nassau Street New York City

Updated: April 24, 2022

© Erik Mulder

This list shows the stamp dealers who were based on Nassau Street at one time. The data has been compiled from items from my own collection, internet sources and the published overviews from the ASDA magazine 2011. The "period" column should ultimately provide insight into the period a dealer was present on Nassau Street. The date shown in blue are derived from postal items found and have been established with certainty. The other dates come from other sources or are unknown yet. The intention is that with more source research it is eventually possible to note an actual period when a stampdealer from Nassau Street was active.
